## INDEPENDENT AUDITORS' REPORT

\* A Professional Accounting Corporation

The Honorable Roger Boudreaux,  
and Members of the Board of Aldermen  
Town of Church Point, Louisiana

We have audited the accompanying general purpose financial statements of the Town of Church Point, Louisiana, as of and for the year ended September 30, 2002, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Church Point, Louisiana's, management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Church Point, Louisiana, as of September 30, 2002, and the results of its operations and cash flows of its proprietary fund type for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated December 11, 2002 on our consideration of the Town of Church Point's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information (pp. 31-74), including the schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Church Point, Louisiana. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The financial information, for the preceding year, which is included for comparative purposes, was taken from the financial report for that year in which we expressed an unqualified opinion on the general purpose financial statements of the Town of Church Point, Louisiana.

## TOWN OF CHURCH POINT, LOUISIANA

### Notes to Financial Statements

(1) Summary of Significant Accounting Policies

The Town of Church Point (Town) was incorporated June 1, 1899, under the provisions of the Lawrason Act. The Town operates under the Mayor-Board of Aldermen form of government.

The accounting and reporting policies of the Town of Church Point conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the industry audit guide, Audits of State and Local Governmental Units, published by the American Institute of Certified Public Accountants. The Town's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements in which case, GASB prevails.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

This report includes all funds and account groups that are controlled by or dependent on the Town executive and legislative branches (the Mayor and Board of Aldermen). Control by or dependence on the Town was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility.

Based on the foregoing criteria, certain governmental organizations are not part of the Town and are thus excluded from the accompanying financial statements. These organizations are the Church Point Volunteer Fire Department and the Town of Church Point Housing Authority. The Town of Church Point Housing Authority was chartered by the Town and its Board of Directors is appointed by the Mayor and Board of Alderman. However, the Town's oversight responsibilities in the management of operations and financial accountability is remote.

B. Fund Accounting

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses and retained earnings, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds and account groups are grouped, in the financial statements in this report, into six generic fund and account group types and three broad categories as follows:

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Governmental Funds -

General Fund

The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special revenue funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

Debt service funds

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects funds

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds.)

Proprietary Fund -

Enterprise fund

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Town of Church Point's enterprise fund is the Utility Fund.

Fiduciary Fund -

Agency Fund

The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations, but is used to account for assets held for other funds.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Account Group -

General Fixed Assets Account Group

This is not a fund but rather an account group that is used to account for general fixed assets acquired principally for general purposes and excludes fixed assets in the Enterprise Fund.

General Long-Term Debt Account Group

This is not a fund but rather an account group that is used to account for the outstanding principal balances of general obligation bonds and other long-term debt not reported in proprietary funds.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Ad valorem taxes are recognized as revenue in the year in which they are billed. Fees and nontax revenues are recognized when received. Grants from other governments are recognized when qualifying expenditures are incurred.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on general long-term debt are recognized when due. Purchases of various operating supplies are regarded as expenditures at the time purchased.

The proprietary fund is accounted for using the accrual basis of accounting whereby revenues are recognized when they are earned and expenses are recognized when incurred. Unbilled utility service receivables resulting from utility services rendered between the date of meter reading and billing and the end of the month, are recorded at year end.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

D. Budget and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to September 30, the Town Clerk submits to the Mayor and Board of Aldermen a proposed operating budget for the fiscal year commencing the following October 1.
2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of a resolution prior to the commencement of the fiscal year for which the budget is being adopted.
5. Budgetary amendments involving the transfer of funds from one department, program or function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of Aldermen.
6. All budgetary appropriations lapse at the end of each fiscal year.
7. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as amended by the Board of Aldermen. Such amendments were not material in relation to the original appropriations.

E. Interest-Bearing Deposits

Interest-bearing deposits are stated at cost, which approximates market.

F. Statement of Cash Flows

For purposes of the statement of cash flows, the Enterprise Fund considers all highly liquid interest-bearing deposits with a maturity of three months or less when purchased to be cash equivalents.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

G. Due to and Due from Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

H. Restricted Assets

The Utility Fund, based on certain bond covenants, is required to establish and maintain prescribed amounts of resources (consisting of cash and interest-bearing deposits) that can be used to service outstanding debt.

I. Fixed Assets and Long-Term Liabilities

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus.

All governmental fund type operations are accounted for on a spending or "financial flow" measurement focus and only current assets and current liabilities are generally included on their balance sheets.

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group and are recorded as expenditures in the governmental fund types when purchased. The Town has elected to capitalize public domain ("infrastructure") fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems. No depreciation has been provided on general fixed assets.

All fixed assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are stated at their estimated fair value on the date donated. Estimated amounts are immaterial in relation to total fixed assets.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus, and all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Improvements and buildings	40 years
Equipment	5-8 years
Autos and trucks	3 years

J. Bad Debts

Uncollectible amounts due for customers' utility receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. The allowance for uncollectibles for customers' utility receivables were \$16,095 and \$14,912 at September 30, 2002 and 2001, respectively.

K. Capitalization of Interest Expense

It is the policy of the Town of Church Point to capitalize material amounts of interest resulting from borrowings in the course of the construction of fixed assets. For the year ending September 30, 2002, total interest incurred was \$147,433 of which all was charged to operations. For the year ending September 30, 2001, total interest incurred was \$147,477 of which \$106,176 was charged to operations and \$41,301 was capitalized.

L. Inventories

Inventories in the proprietary fund are valued at cost, which approximates market using the first-in/first-out (FIFO) method. The cost of governmental fund type inventories are recorded as expenditures when purchased rather than when consumed.

M. Compensated Absences

Town employees are entitled to certain compensated absences based upon their length of service.

Vacation leave is earned at the rate of five days after one year of service, ten days after five years but less than ten years of service, and fifteen days after ten years of service. However, those employees with two years of service by February 2, 1999 were grandfathered in to receive ten days. Vacation leave earned does not accumulate from year to year.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Sick leave is earned at the rate of seven days for one to five years of employment and ten days for over five years of service. Employees are allowed to accumulate up to two years of leave. If the sick leave is not used within a two-year period, one year's leave is lost. Accumulated sick leave is not payable for employees who resign, retire, or are dismissed from employment.

At September 30, 2002, there is no vested leave benefits that need to be accrued as required by GASB statement No. 16 "Accounting for Compensated Absences."

N. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Town's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

O. Total Columns on Combined Statements - Overview

Total columns on the Combined Statements - Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

P. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Town as an extension of formal budgetary integration in the funds.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

(2) Cash and Interest-Bearing Deposits

Under state law, the Town may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Town may invest in certificates and time deposits of the state banks organized under Louisiana law and national banks having principal offices in Louisiana. At September 30, 2002, the Town had cash and interest-bearing deposits (book balances) as follows:

Demand deposits	\$ 284,823
Time deposits	1,320,713
Total	<u>\$ 1,605,536</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at September 30, 2002 were secured as follows:

Bank balances	<u>\$ 1,645,123</u>
Securities pledged (Category 3)	\$ 1,282,833
Federal deposit insurance	<u>362,290</u>
Total securities pledged and federal deposit insurance	<u>\$ 1,645,123</u>

(3) Ad Valorem Taxes

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Town in September or October and are actually billed to taxpayers in November or December. Billed taxes become delinquent on January 1 of the following year. The Town bills and collects its own property taxes using the assessed values determined by the tax assessor of Acadia Parish. Town property tax revenues are budgeted in the year billed.

For the year ended September 30, 2002, taxes of 10.03 mills were levied on property with assessed valuations totaling \$9,883,750 and were dedicated as follows:

General corporate purposes	7.02 mills
Fire protection	3.01 mills

Total taxes levied were \$99,087. There were no taxes receivable at September 30, 2002.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

(4) Interfund Receivables/Payables

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General Fund	\$ 6,507	\$ 38,587
Special revenue fund - Sales Tax Fund	29,048	10,000

Total	<u>\$4,547,773</u>	<u>\$ 37,499</u>	<u>\$ 28,819</u>	<u>\$4,556,453</u>

A summary of proprietary fund type property, plant and equipment at September 30, 2002 follows:

	<u>Enterprise</u>
Land	\$ 100,450
Water system	3,973,806
Sewer system	1,566,574
Sewer treatment plant	3,064,665
Machinery & equipment	227,571
Totals	<u>8,933,066</u>
Less: Accumulated depreciation	<u>(3,135,259)</u>
Net -- book value	<u>\$ 5,797,807</u>

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

(7) Changes in Long-Term Debt

The following is a summary of long-term debt transactions of the Town for the year ended September 30, 2002:

	<u>General Obligation</u>	<u>Utility Revenue</u>	<u>Total</u>
Bonds payable at 9-30-01	\$ 114,000	\$ 3,733,070	\$ 3,847,070
Bonds issued	-	-	-
Bonds retired	<u>(81,000)</u>	<u>(129,581)</u>	<u>(210,581)</u>
Bonds payable at 9-30-02	<u>\$ 33,000</u>	<u>\$ 3,603,489</u>	<u>\$ 3,636,489</u>

Long-term debt payable at September 30, 2002 is comprised of the following individual issues:

General Obligation Bonds:

\$60,000 Certificates of Indebtedness, series 1997, due in annual installments of \$6,000 to \$7,000 through August 1, 2007; interest at 5.5% (to be retired by excess revenues) \$ 33,000

Revenue Bonds:

\$1,528,000 of Utility Revenue Bonds dated June 3, 1993; payable in monthly installments of principal and interest of \$8,328 through June 3, 2023; interest at 5% (to be retired by excess sewer utility revenues) \$ 1,288,489

\$2,500,000 of Utility Revenue Bonds dated August 1, 1999; due in annual installments of \$90,000 to \$180,000; from August 1, 2001 through August 1, 2019; interest at 3.45% (to be retired by excess water utility revenues) 2,315,000

Total revenue bonds payable 3,603,489

Less: Current portion (136,336)

Long-term revenue bonds payable \$ 3,467,153

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

The annual requirements to amortize all debt outstanding at September 30, 2002, including interest payments of \$ 1,580,929 and administrative fees of \$ 114,700 are as follows:

Year ending September 30,	General Obligation	Utility Revenue	Total
2003	\$ 7,815	\$ 291,379	\$ 299,194
2004	7,485	287,429	294,914
2005	8,155	288,479	296,634
2006	7,770	289,331	297,101
2007	7,385	289,986	297,371
2008-2012	-	1,452,843	1,452,843
2013-2017	-	1,444,593	1,444,593
2018-2022	-	875,813	875,813
2023	-	73,655	73,655
	<u>\$ 38,610</u>	<u>\$5,293,508</u>	<u>\$5,332,118</u>

(8) Flow of Funds; Restrictions on Use - Utilities Revenues

Revenue Bonds:

- A. Under the terms of the bond indentures on outstanding Sewer Utility Revenue Bonds dated June 3, 1993, all income and revenues (hereinafter referred to as revenue) of every nature, earned or derived from operation of the Sewerage System are pledged and dedicated to the retirement of said bonds, and are to be set aside into the following special funds:

Each month, there will be set aside into a fund called the "Bond and Interest Sinking Fund" an amount constituting 1/12<sup>th</sup> of the next maturing installment of principal and interest on the outstanding bonds. Such transfers shall be fully sufficient to assure the prompt payment of principal and interest installments as they become due and may be used only for such payments.

There shall also be set aside into a "Bond Reserve Fund" an amount equal to 5% of the amount required to be paid into the Sinking Fund during the current fiscal year until there shall have been accumulated in the Reserve Account an amount equal to the maximum principal and interest requirements in any one maturity year. Such amounts may be used only for the payment of maturing bonds and interest coupons for which sufficient funds are not on deposit in the Bond and Interest Sinking Fund and as to which there would otherwise be default.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Funds will also be set aside into a "Contingency Fund" at the rate of \$378 each month. Money in this fund may be used to care for depreciation, extensions, improvements, and replacements to the system, which are necessary to keep the system in operating condition. Money in this fund may also be used to pay principal or interest on the bonds falling due at any time there is not sufficient money for payment in the other bond funds.

- B. Under the terms of the bond indentures on outstanding Water Utilities Revenue Bonds, Series 1999, all income and revenues (hereinafter referred to as revenue) of every nature, earned or derived from operation of the Waterworks System, are pledged and dedicated to the retirement of said bonds, and are to be set aside into the following special funds:

Each month, there will be set aside into a fund called the "Bond and Interest Sinking Fund" an amount equal to 1/12<sup>th</sup> of the next maturing principal, interest, and administrative fee. Such transfers shall be fully sufficient to assure the prompt payment of principal interest, and administrative fee installments as they become due and may be used only for such payments.

There shall also be set aside into a "Bond Reserve Fund" an amount equal to 25% of the amount required to be paid into the sinking fund for such month. The money in the "Bond Reserve Fund" may be used only for the payment of maturing bonds and interest coupons for which sufficient funds are not on deposit in the Bond and Interest Sinking Fund and as to which there would otherwise be default.

There shall also be set aside into a "Contingency Fund" the sum equal to 5% of net revenues for the preceding month. Money in this fund may be used to care for depreciation, extensions, additions, improvements, renewals and replacements necessary to properly operate the water system. Money in this fund may also be used to pay principal or interest on the bonds falling due at any time there is not sufficient money for payment in the other bond funds.

- C. The Town of Church Point was in compliance with all significant limitations and restrictions in the bond indentures at September 30, 2002.

9) Retirement Commitments

- A. All employees of the Town of Church Point are members of the Federal Social Security system. The Town and its employees contribute a percentage of each employee's salary to the system (7.65% contributed by the Town; 7.65% by the employee). The Town's contribution during the year ended September 30, 2002 and 2001, amounted to \$56,381 and \$59,835 respectively.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

- B. Eligible employees of the Town participate in two multiple-employer public retirement systems (PERS) which are controlled and administered by two separate boards of trustees. These retirement systems provide retirement, disability and death benefits to plan members and their beneficiaries. Benefits under each system are established and amended by state statutes. Pertinent information of each system follows:

Municipal Police Employees Retirement System of Louisiana (System)

Plan Description - All full-time police department employees engaged in law enforcement are eligible to participate in the System. Employees who retire at or after age 50 with at least 20 years of creditable service or at or after age 50 with at least 20 years of creditable service, or at or after age 55 with at least 12 years of credited service, are entitled to a retirement benefit, payable monthly for life, equal to 3 1/3% of their final-average salary for each year of creditable service. Final average salary is the employee's average salary over 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 8401 United Plaza Boulevard Suite 270, Baton Rouge, Louisiana 70809-7017, or by calling (225) 929-7411.

Funding Policy - Plan members are required by state statute to contribute 7.5% of their annual covered salary and the Town is required to contribute at an actuarially determined rate. The current rate is 9.0% of annual covered payroll. The contribution requirements of plan members and the Town are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Town contributions to the System for the years ending September 30, 2002, 2001, and 2000 were \$9,995, \$9,291, and \$5,611, respectively, equal to the required contributions for each year.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

Municipal Employee's Retirement System

All Town employees except police become eligible to participate in this plan effective October 1, 2002. Plan members are required to contribute 5.0% of their annual covered salary to the system while the town is required to contribute at the statutory rate of 4.5% of the total annual covered salary during the period of October 1, 2001 through June 30, 2002 and 6.25% of total annual covered salary effective July 1, 2002. The town's contributions to the system for the years ended September 30, 2002 and 2001 were \$17,546 and \$0, respectively, equal to the required contribution for each year.

A publicly available financial report that includes financial statements and required supplemental information may be obtained by writing to the Municipal Employee's Retirement System, 7937 Office Park Blvd., Baton Rouge, Louisiana, 70809.

(10) Dedication of Proceeds and Flow of Funds - 1% Sales and Use Tax Dated 1/10/67

Proceeds of a 1% sales and use tax approved January 10, 1967, (accounted for in the Sales Tax Fund - a special revenue fund) levied by the Town of Church Point (2002 collections \$433,089; 2001 collections \$403,652) are dedicated to the following purposes:

Constructing, acquiring, extending, improving and/or maintaining drainage facilities, streets, sidewalks and fire department stations and equipment, including fire engines and purchasing and acquiring equipment and furnishings for the aforesaid public works, improvements and facilities, title to which shall be in the public name.

(11) Segment Information for the Enterprise Fund

The Town of Church Point maintains one enterprise fund with two departments, which provide water and sewerage services. Segment information for the year ended September 30, 2002 was as follows:

	Water Department	Sewerage Department	Total Enterprise Fund
Charges for services and other revenues	<u>\$ 513,889</u>	<u>\$ 364,622</u>	<u>\$ 878,511</u>
Operating expenses -			
Depreciation	103,713	120,628	224,341
Other expenses	<u>245,861</u>	<u>194,808</u>	<u>440,669</u>
Total operating expenses	<u>349,574</u>	<u>315,436</u>	<u>665,010</u>
Operating income	<u>\$ 164,315</u>	<u>\$ 49,186</u>	<u>\$ 213,501</u>

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

(12) Contributed Capital

Amounts contributed to the Utility Fund for acquisition or construction of fixed assets are recognized as contributed capital. Contributed capital generated through grants externally restricted for capital acquisitions are amortized based on the depreciation recognized on that portion of the assets acquired or constructed from such grants. This depreciation is closed to the appropriate contributed capital account and is reflected as an adjustment to net income on the Comparative Statement of Revenues, Expenses, and Changes in Retained Earnings.

The sources of contributed capital used to acquire and construct facilities for the enterprise fund are as follows:

	<u>Municipality</u>	<u>Parish Grants</u>	<u>Federal Grants</u>	<u>Total</u>
Total contributed capital	\$ 285,553	\$ 32,500	\$ 2,787,400	\$3,105,453
Less: Accumulated amortization	-	-	835,324	835,324
Net contributed capital	<u>\$ 285,553</u>	<u>\$ 32,500</u>	<u>\$ 1,952,076</u>	<u>\$2,270,129</u>

(13) Compensation of Town Officials

A detail of compensation paid to the Mayor and Board of Aldermen for the year ended September 30, 2002 follows:

Roger Boudreaux, Mayor	\$ 19,200
Aldermen:	
Errol Comeaux	3,300
Carl P. Daigle	3,300
Gary Duplechin	3,300
Alexis Jagneaux	3,300
Michall Malbrough	3,300
	<u>\$35,700</u>

The mayor receives \$1,600 per month plus the payment of his health insurance. Effective May 1999, aldermen receive \$250 per month plus \$150 for each special meeting called.

TOWN OF CHURCH POINT, LOUISIANA

Notes to Financial Statements (Continued)

(14) Risk Management

The Town is exposed to risks of loss in the areas of health care, general and auto liability, property hazards and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year. Prior to August 22, 1998, the Town did not carry general liability insurance.

(15) Litigation and Claims

As mentioned in Note 14, the Town did not carry general liability insurance coverage prior to August 22, 1998. At September 30, 2002, the Town is a defendant in four lawsuits principally arising from the normal course of operations. The Town's legal counsel has reviewed the claims filed and has determined that the Town's liability is considered immaterial at September 30, 2002. As of September 30, 2002, no liability has been provided for suits filed or unasserted claims which may be filed.

(16) New Reporting Standard

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments." This statement establishes new financial reporting requirements for state and local governments throughout the United States. When implemented, it will require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in all prior years will be affected. The Town is required to implement this standard for the fiscal year ending September 30, 2004. However, the Town expects to implement this standard for the fiscal year ending September 30, 2003, in advance of the required implementation date. The Town has not yet determined the full impact that adoption of GASB Statement 34 will have on the financial statements.

## **CAPITAL PROJECTS FUND**

### **Water and Sewer Improvement**

To account for the project consisting of the extension of the Town's water and sewer systems to facilitate the location of Louisiana Steel Frame Homes, L.L.C. in the Town of Church Point. Financing is being provided by \$137,500 of LCDBG funds. Funds for construction payments are drawn-down as expenditures are incurred.

### **Lime Sludge Handling Facility**

To account for the project consisting of the construction of lime sludge handling facilities at the water treatment plant. Financing is being provided by \$148,964 of LCDBG funds and \$35,000 to be provided by the Town of Church Point. Funds for construction payments are drawn-down as expenditures are incurred.

## REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Roger Boudreaux, Mayor  
and Members of the Board of Aldermen  
Town of Church Point, Louisiana

We have audited the general purpose financial statements of the Town of Church Point, Louisiana, as of and for the year ended September 30, 2002, and have issued our report thereon dated December 11, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether the Town of Church Point, Louisiana's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Church Point, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted two matters involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Town of Church Point, Louisiana's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. The reportable conditions are described in the accompanying summary schedule of current and prior year audit findings and management's corrective action plan as items 02-1(IC) and 02-2(ML).

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. We believe the reportable condition identified as item 02-1 in the summary schedule of current and prior year audit findings and management's corrective action plan is a material weaknesses.

This report is intended solely for the information and use of management. However, this report is a matter of public record and its distribution is not limited.

**MANAGEMENT LETTER**

The Honorable Roger Boudreaux, Mayor  
and Members of the Board of Aldermen  
Town of Church Point, Louisiana

During our audit of the general purpose financial statements of the Town of Church Point for the year ended September 30, 2002, we noted one area in which the efficiency and effectiveness of the operations of the Town could be improved.

02-2 When performing expense analysis it was noted that numerous employees are issuing purchase orders. Purchases and disbursement of funds would be better controlled if only one or two employees, at Town Hall, were designated to issue purchase orders.

We would like to express our appreciation to you and your staff, particularly your office staff, for the courtesies and assistance rendered to us in the performance of our audit. Should you have any questions or need assistance please feel free to contact us.
